Individual family members are now bizarrely developing 'turbo cancers' at the same time, giving us more proof the globalists unleashed genocidal bioweapons upon the world

By using this site, you [agree](#) [according to this new](#) story written by Dr. William Makis MD republished over [at Dr. Paul Alexander's Substack](#), multiple family members are now developing bizarre 'turbo cancers' at almost the exact same time as we've documented within this story, another aspect of the globalists war upon humanity that'll never see the light of day following all of the 'died suddenly'

stories of young, healthy people suddenly dropping dead here in America and all across the planet following the rollout of *'the vax'*.

(Article by Stefan Stanford republished from [AllNewsPipeline.com](https://allnewspipeline.com))

With a seemingly endless list of young and healthy people *'dying suddenly'* and completely unexpectedly since the rollout of *'the vax'*, that [story I received in my email inbox Wednesday morning from Dr. William Makis, MD](#) takes the mystery of these mysterious deaths to a completely new level.

As Dr. Makis reported in that absolutely bizarre story, he has documented the almost unbelievable stories of 12 different families, consisting of 2 or 3 family members, who most likely had gotten *'vaxxed'* at the same time, only to then develop *'Turbo cancers'* at the same time, an occurrence that seems like it would be impossible, but instead gives us overwhelming evidence of a deadly link between the vaxxes (***THAT, REMEMBER, WERE FORCED UPON AMERICANS BY TERRORISTS WITHIN THE US GOVERNMENT!***) and these incredible aggressive and quickly-spreading cancers, evidence that should be enough to lead to new Nuremberg trials for all of the COVID vax pushers.

And while we certainly don't expect that anything will be done about this *'genocide'* being carried out before our eyes, especially with ***these murderous devils now pushing Americans to 'get their new vaccines and boosters'*** to [be available by the end of September](#), at least [Senator Rand Paul has filed a criminal referral](#) in Washington DC *against Dr. Anthony Fauci for allegedly lying under oath about the origins of Covid-19*, though with criminals in the DOJ protecting these genocidal mass murderers in the Biden administration all the way to the bank, we'd be fools to expect that referral to go anywhere.

So why, suddenly, all across America and the world, are people, often very young and healthy individuals, mysteriously *'dropping dead in clusters'*? If there truly were ANY JUSTICE AT ALL left in America, we'd be witnessing the trials, convictions and executions of people like Dr. Anthony Fauci and the *'biden crime cabal'* for still pushing these *'kill shots'*, yet they're still not only *'walking free'* but preparing to unleash their next round of genocide upon Americans and the world.

The [story written in great detail by Dr. William Makis, MD](#) titled ***"Families that inject mRNA together, develop Turbo Cancer together - 12 unbelievable stories of two or three family members developing aggressive cancer at the same time!"*** also [republished here in full](#) by Dr. Paul Alexander, gives us a bombshell argument that these *'vaxxes'* were indeed *'death shots.'*

Breaking down 12 different stories of Americans now suffering devastating cases of *'turbo cancer'* together, with one family member being diagnosed with these deadly cancers soon after another, these doctors ask *"What did the '10 Horsemen of the Apocalypse' know and when did they know*

it?" Asking also **'did they know they were bringing death to the world yet did not care?'** if its found that these demons who launched the 'death shot' upon the world did indeed know they were carrying out genocide, new Nuremberg trials and **the DEATH PENALTY for all of them is long overdue.**

Please take a look at all of these cases, with links included to the original sources and pictorial proof as well, and then try to say that this is only just some kind of crazy coincidence. [An extended excerpt from this story.](#)

On May 27, 2023, I wrote a substack article about multiple COVID-19 vaccinated family members, who died suddenly.

Now, I am starting to see multiple COVID-19 vaccinated family members develop Turbo Cancers (often stage 4) and their stories are shocking and difficult to believe.

July 18, 2023, San Juan Capistrano, CA - Parents of 3 children, Zak and Cori Salazar were both diagnosed with cancer, mom Cori with an "aggressive form of thyroid cancer" had two surgeries and dad Zak was diagnosed with aggressive Stage 4 Astrocytoma and just had surgery ([click here](#))
